PYGMALION

By BERNARD SHAW
Directed by Colin Tufnell

Pygmalion, possibly the best loved of Shaw's huge output, combines humour and comment on the strict class divide at the start of the last century. Shaw also uses the play to explore the way that we, as a society, put people in groups according to their dialect or speech. The well known characters, perhaps better known from "My Fair Lady", are still vibrant and alive in today's more relaxed and less rigidly divided society.

Doolittle: What am I, Governors both? I'm one of the undeserving poor. That means I'm up agen middle class morality all the time. If I put in for anything, its always the same story: "Youre undeserving so you cant have it".....

Do we at the dawn of a new Millennium, care if "the rain falls mainly on the plain?".....Not b...y likely. A pity?

The Compass Theatre is 50 metres from the main entrance to Ickenham Station (Metropolitan Line), and the station car park is available to Theatre patrons.
